

**ARIZONA BUSINESS PROPERTY STATEMENT  
TAX YEAR 2019 INSTRUCTIONS**

**GENERAL INFORMATION**

All owners of personal property must file a Business Property Statement if a form, notice, or demand has been sent by the Assessor. It must be filed annually by April 1. If April 1 falls on a Saturday, Sunday or legal holiday, the filing is due on the next business day. The term "Business Property" identifies property used for commercial, industrial, and agricultural purposes. It includes personal property improvements on possessory rights (I.P.R.'s), and certain leasehold improvements. Under Arizona law, all such property is subject to property taxes, except for certain goods and materials considered to be inventory and ultimately held for resale, and certain specified animals. Business property is valued at its full cash value as of the current year. Any difference in acquisition cost as found on the books and records from that reported will be considered escaped property. Escaped property may include under-reported or unreported property. Escaped property is subject to taxation, interest, and applicable penalties for a period of three years from the date the notice of escaped property was mailed by the Assessor.

If duplicate forms are received, contact the County Assessor. A separate return must be filed for each location. If the form is not addressed to the current business owner, return it to the Assessor's Office and request a corrected form.

- **EXEMPTION AMOUNT:** Pursuant to Arizona Revised Statute § 42-11127, for Tax Year 2019 the exemption for Commercial and Agricultural Business Personal Property is \$176,003.
- **APPEAL PROCEDURES:** Any person who believes the valuation or property classification of business property to be erroneous or excessive may file an appeal with the Assessor. The Personal Property Petition for Review of Valuation Form (DOR 82530) is available at each County Assessor's Office.
- **PERSONAL PROPERTY MANUAL:** The Personal Property Manual and form DOR 82530 are both available on the Department of Revenue website at <http://www.azdor.gov>.

#### **SECTION 4 CONTINUED:**

**Non-Qualified:** Examples include equipment transferred from another location in Arizona, and used equipment purchased in Arizona. Property acquired through the purchase of a business may qualify if original cost basis is used.

**“ACQUISITION COST”** includes equipment cost plus costs such as freight and transaction privilege tax (sales/use tax). It also includes installation costs for such additional items as wiring, plumbing, air conditioning, or structural support required to accommodate the equipment. The report should include expensed and fully depreciated equipment remaining in your possession.

**Schedule H: Leasehold improvements.** Leasehold improvements are improvements owned by a tenant and used in the operation of a business. A detailed breakdown of the leasehold improvement acquisition cost is required to enable the Assessor to avoid duplicate assessment. Leasehold improvements include but are not limited to: air conditioners, tenant improvements, draperies, process piping and special wiring, boilers (other than basic heat for buildings), and special foundations.

**Schedule Q: Rental Video Tapes.** Enter the number of rental video tapes, video games and DVD's newly acquired in “Additions” and the number of tapes disposed of in “Deletions” as of December 31.
