To remain eligible, the owner is required to renew the option every three years. The freeze terminates if the owner sells the home, makes changes to the property, or otherwise becomes ineligible. At that time, the property will be re-valued to reflect the current full cash value.

It is important to remember:

- **While the Limited Property Value or Assessed Valuation will be frozen as long as the owner remains eligible, TAXES for the primary residence will not be frozen and will continue to be levied at the rate set by the taxing jurisdiction (schools, special districts, fire districts, etc.) as all other properties in the same taxing district.**
