COUNTY SUPERVISORS ASSOCIATION: Craig Sullivan, Deputy Director: Discussion of legislative issues and Navajo County: Mr. Sullivan introduced himself to the Board and gave an update on the legislative activities that CSA are engaged in. At the core of the legislative agenda is the preservation, protection and restoration of resources lost to the counties in the last few years. CSA wants to educate the legislature about the importance of those dollars to the counties. The County Contribution Funds, which were used to help fund state operations. These monies were taken directly from our communities. The legislature agreed at the time that this fund would go for 2 years. It is due to expire on June 30, 2005 and we need to let the legislature know that these funds need to go back to the counties. Another issue is HURF cuts; what we are receiving is not enough to meet our needs for road projects.

We must urge the legislators to keep these dollars intact. Also of interest to the counties is the proposal to implement a process for the transfer of development funds. Board members advised that they are concerned about the HURF issues, as well as additional funding for road projects on the reservations. **No action taken; informational only.**

NORTHLAND PIONEER COLLEGE: Dr. Richard Fleming, President: Presentation regarding NPC and legislative issues: Dr. Fleming presented legislative issues concerning community colleges. These include: 1) the opportunity to customize the delivery of higher education to their constituents; 2) expand access to associate, baccalaureate and graduate degrees and certificate programs; 3) partnering with universities and strengthening student-focused issues such as joint admissions, shared faculty, shared curriculum, shared facilities, and enhancing transfer articulation of credits; 4) enhancing and expanding partnerships with Arizona's K-12 institutions to improve high school completion rates and to prepare students for higher education. Dr. Fleming advised that NPC is the second largest community college in the nation, serving more than 22,000 square miles and three different Indian tribes. He noted that the college's nursing program is growing and currently has a 100% pass rate in the State Board exams. **No action taken; informational only.**

ARIZONA STATE LEGISLATURE: Representatives from Legislative Districts #2 & #5: Discussion regarding legislative issues concerning Navajo County and the State: Representative-Elect Ann Kirkpatrick, District 2, introduced herself. Senator-Elect Jake Flake told the Board that the #1 problem we face is the budget. He said the economy is improving as a direct result of the actions taken by the administration and legislature. The Senator said that the State has taken more than \$100 million from the counties over the last two years, and he will push to get that money back to us as well as work to protect us from having more money taken, including HURF funds. Senator Flake advised that he will be on the following committees this year: Natural Resources and Rural Affairs Committee (Chairman); Government Committee; Higher Education Committee. **No action taken; informational only.**

DeSpain, Supervisor District III: Introduction of new Holbrook City Manager and Snowflake Town Manager: Holbrook Councilwoman Mary Bradley introduced the new Holbrook City Manager, David Newlin; Snowflake Mayor John Stewart introduced the new Snowflake Town Manager, Dr. Spencer Isom.

There being no further business to come before the Board of Supervisors, the meeting was adjourned until Monday, January 3, 2005, upon a **motion made by Mr. Thompson;** motion seconded by Mr. Brownlow; vote unanimous approving the motion. The meeting adjourned at 11:50 a.m.
